## Compliance Information

**FCC Information**
This device complies with Part 15 of the FCC Rules.

**Caution:** Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Radiation Exposure Information**
The device has been evaluated to meet general RF exposure requirement, The device can be used in portable exposure condition without restriction.

**WARNING Li-ion Battery Inside**
This product is fitted with a Li-ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F).

**Rating Label Definitions**

⎓ Direct current symbol.

🗑 This symbol signifies the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment.

BC This symbol signifies and declares that this equipment has battery charging which complies with California CEC and energy efficiency.

🅱 Bluetooth This symbol signifies that this is a wireless device powered by Bluetooth® technology.

FC This symbol represents FCC Declaration of Conformity and compliance.

### Getting Started

**Charging the Speaker**
Plug the micro-USB connector of the included 2-in-1 charging & AUX cable into the charging/AUX port on the speaker. Plug the USB (largest) connector into a USB power source such as the USB port on a computer, or into a **5V USB adapter** *(not included)* and plug into a wall outlet.

The LED indicator will **turn RED** while charging and turn OFF when fully charged. When the speaker is low on power, a tone will be heard indicating that it needs to be recharged.

**Powering ON/OFF**
• Press + hold the [ ⏻ ] button to power the speaker ON or OFF.
• When powered ON, the speaker will enter Bluetooth pairing mode, and may automatically re-pair to any available previously-paired device nearby.

**Adjusting Volume & Playback**
• Press the [ ⏻ ] to pause playback. Press again to resume.
• Press the [ + ] button to skip to the **next** track/station.
• Press the [ — ] button to skip to the **previous** track/station.
• Press + hold the [ + ] and [ — ] buttons to adjust volume.

**Note:** In AUX mode, all playback will be controlled by your connected device.

**Changing Input Modes**
Press the [ M ] button on the speaker to switch input modes.

A TF card or USB device must be inserted or connected to switch to these modes.

---

### Using the LED Lights
The speaker LED lights will automatically power ON/OFF with the speaker.
• Press the [ ☼ ] button to switch between the different LED light modes.

### Bluetooth Pairing
1. Power the speaker ON. A tone will be heard and the speaker will enter Bluetooth pairing mode. The LED indicator will light up solid BLUE.
2. Set your mobile device to search for Bluetooth devices. When it appears, select **AR1072** from the list of found devices.
3. After a successful pairing, a tone will be heard and you will be able to play music on the speaker.

### Using the AUX Input
Plug the micro-USB connector of the included 2-in-1 charging & AUX cable into the charging/AUX port on the speaker. Plug the 3.5 mm connector into the headphone jack or 3.5 mm AUX output port on your media-playing device.

Switch input modes until you reach AUX mode. In AUX mode, all playback will be controlled by your connected device.
