Using a TF Card or USB Device

To insert a TF card, insert a TF card into the TF card slot on the speaker with the metal contacts facing down, and push in until it clicks.

To insert a USB device, such as a USB flash drive containing audio files, insert the USB device into the USB device port on the speaker.

Change input modes until you enter TF or USB mode. The speaker will automatically begin playing music off the device. **Note:** You must have a TF card or USB device inserted to switch to TF or USB input mode.

In TF card and USB mode, all playback is controlled by the buttons on the speaker.
• Press the [▶❙❙] button to pause and resume playback.
• Press the [+] and [-] buttons to skip tracks.

Using the FM Radio

Change input modes until you enter FM radio mode.

In FM radio mode, all playback will be controlled by the buttons on the speaker.
• Press the [▶❙❙] button to *start or stop* automatically scanning & saving available radio stations. If it is not stopped, the radio will make a complete scan of and save all nearby radio stations with good reception.
• Press the [+] and [-] buttons to skip through saved stations.

Compliance Information

FCC Information
This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Information
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

WARNING Li-ion Battery Inside
This product is fitted with a Li-ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F).

Rating Label Definitions

⎓   Direct current symbol.

This symbol signifies the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment.

(BC)   This symbol signifies and declares that this equipment has battery charging which complies with California CEC and energy efficiency.

Bluetooth   This symbol signifies that this is a wireless device powered by Bluetooth® technology.

FC   This symbol represents FCC Declaration of Conformity and compliance.

⚠ Caution
To ensure safe and proper use, read all safety information before using the device. Only use with manufacturer-approved batteries, chargers, accessories, and supplies.
• **THIS DEVICE IS NOT A TOY**, keep away from children and pets.
• Do not disassemble, modify, or repair the device.
• Do not expose to extreme temperatures (heat or cold), open flames, humid, or wet conditions.
• **Do not submerge in water.**
• Low power may cause poor Bluetooth connection or sound distortion.
• Do not overcharge battery.
• If using with a USB adapter, make sure the adapter is not damaged.
• Do not allow the USB port or the connectors of the supplied USB cable to be exposed to dust or water, or to come into contact with any conductive materials such as liquids, metallic powders, etc.
• The speaker contains a built-in battery and should not be disposed of with regular household waste. Please consult the local authorities on the correct way to dispose of this device.

Getting Started

Charging the Speaker
Plug the small connector of the included charging cable into the charging port on the speaker. Plug the large connector into the USB port on a computer, or into a **5V USB adapter** *(not included)* and plug into a wall outlet.

The LED indicator will **turn RED** while charging and **turn off** when fully charged. When the speaker is low on power, a tone will be heard indicating that it needs to be recharged.

Powering ON/OFF
• Turn the **[Power]** switch to power the speaker ON or OFF.
• When powered ON, the speaker will enter Bluetooth pairing mode, and will automatically re-pair to any available previously-paired device nearby.

Adjusting Volume
In all modes, overall volume can be adjusted with the buttons on the speaker. In AUX and Bluetooth modes, volume can also be controlled by your connected device.
• Press + hold the [+] button to **increase** volume.
• Press + hold the [-] button to **decrease** volume.

Adjusting Playback
In Bluetooth, FM Radio, TF and USB modes, playback can be controlled by the buttons on the top of the speaker.
• Press the [▶❙❙] to pause playback. Press again to resume.
• Press the [+] button to skip to the **next** track/station.
• Press the [-] button to skip to the **previous** track/station.

Changing Input Modes
Press the [M] button on the speaker to switch input modes.

A TF card or USB device must be inserted or connected to switch to these modes.

Using the LED Lights
• Press and hold the [M] button on the speaker to turn the LED lights ON and OFF.

Bluetooth Pairing
1. Power the speaker ON. A tone will be heard and the speaker will enter Bluetooth pairing mode.
2. Set your mobile device to search for Bluetooth devices. When the list appears, select **AR1079** from the found devices.
3. After a successful pairing, a tone will be heard and you will be able to play music on the speaker.

Using the AUX Input
Insert one end of a 3.5 mm auxiliary cable *(not included)* into the AUX input port on the speaker. Insert the other end into the headphone jack or 3.5 mm aux output port on your media-playing device.

Switch input modes until you reach AUX mode.

In AUX mode, all playback will be controlled by your connected device.
