

LED Light-Up Flying Disc CPFD100

READ CAREFULLY AND KEEP THIS CARD

General Warnings

- Do not use in the rain, sleet or snow. Keep away from water and extreme temperatures.
- Adult supervision is required when performing any maintenance on the disc.
- The disc comes with built-in batteries which should not be disposed of with regular household waste. Follow all local laws and regulations in disposing of batteries.

Setting Up

- The disc comes with batteries already installed. Pull the tab marked "PULL" to remove the spacer insulating the batteries.
- Press the button on the battery compartment on the underside of the disc to turn the disc lights ON/OFF and cycle through the light modes:
 1. Alternate Flashing
 2. Strobe Flashing
 3. Solid Light

Replacing the Batteries

1. Using a small screwdriver (not included), unscrew the battery compartment screw on the underside of the disc. Remove the screw and battery cover.
2. Remove the old batteries, and dispose of according to local laws. Insert three (3) 1.5V LR44 alkaline manganese button batteries, following the polarity diagram in the battery compartment. Do not mix new and old batteries, or mix different brands or types of battery.
3. Replace the battery cover. Replace the screw, and screw closed.

FCC Information

This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
