Caution

To ensure safe and proper use, read all safety information before using the device. Only use with manufacturer-approved batteries, chargers, accessories, and supplies.

• **NOT INTENDED FOR MEDICAL USE**

- This device is not intended to be a substitute for medical attention.
- The amount and intensity of aroma produced will vary. Factors that affect production of aroma can include water type, humidity, temperature, air current, and/or type or brand of essential oil used.
- It may take up to a half-hour before you can smell the essential oil.
- Water Tank Capacity: 180 mL
- Runs up to 4 hours continuously or up to 10 hours of intermittent operation.
- The suggested room size for this device is ~150 ft² (this may vary greatly by environment, type of essential oil used, etc.).
- Only 100% natural essential oil should be used with this product. Oil containing chemical fragrance, spice, or other impurities may cause malfunctions.
- ONLY use the supplied power cable and charger.
- When not in use, the diffuser should be stored in a dry, cool location, away from sources of water or heat.
- It is recommended that the diffuser be covered to protect it from exposure to dust if it will not be in use for a long period of time.

Getting Started

Charging the Diffuser

Charge the diffuser with the USB Power Cable and the USB charger plugged into the wall outlet as shown below.

The diffuser has a rechargeable lithium-ion battery that will run approximately 3 hours when full charged.

The LED indicator will flash when the battery needs to be recharged. It takes 7-8 hours to fully recharge the diffuser.

A solid light will indicate that the diffuser is charging and the light will turn off when it is fully charged.

Setup

1. Remove the cover and inner lid.
2. Fill the water tank with room temperature water until the MAX level line is reached.
3. Add 2 - 3 drops (0.1 - 0.15 mL) of essential oil (*not included*).
4. Put the inner lid and cover back on the water tank, and place on a flat, sturdy surface.

The diffusion function will not operate and auto shut-off when water level runs low.

CAUTION: Using more than the recommended amount of oil may cause the diffuser to get clogged and not operate properly.

Do not drain water from the side of air outlet.

Using the Diffuser

- Press the **[Mist]** button to turn the diffuser on in continuous diffusion mode.
- Press the **[Mist]** button again to change to intermittent diffusion mode. In intermittent diffusion mode, mist will be diffused periodically every 30 seconds. This greatly increases the length of time. The diffuser will operate before the water tank is empty.
- Press the **[Mist]** button a third time to turn the diffuser off.

Using the Lights

- Press the **[Light]** button to turn the light on. The light will be dim.
- Press the **[Light]** button a second time to increase the brightness (~60% brightness).
- Press the **[Light]** button a third time to raise the brightness to 100%.
- Press the **[Light]** button a fourth time to turn off.

Precautions & Warnings

1. Do not fill over MAX level line.
2. Do not turn the aroma function on when the tank is empty.
3. Do not touch the inside base of the tank.
4. Clean regularly per the instructions in this user manual to avoid malfunctions.
5. Always unplug from power source before maintenance.
6. Always pour any remaining oil out of the tank and wipe with a clean, dry cloth.
7. Essential oils can stain. In the event of a spill or leakage, please wipe away any water or oil with a soft cloth.
8. Do not let aroma blow directly onto furniture, clothing, art, or any valuable objects.
9. Keep away from direct sunlight, heat sources, air conditioners, and fans.
10. Always keep on a stable, flat surface. Do NOT place on a carpet, bed, cushion or other non-flat, non-stable surface.
11. Keep away from electronic equipment.
12. Do not tip the product as it may cause water to enter the mechanism and cause malfunction.
13. Do not use for more than 6 hours at a time.
14. Never move the product while in use.
15. Do not touch any part of the product with wet hands.
16. Keep out of reach of children and pets. Children should not be left unsupervised near this product. This unit is not to be used by children or any person(s) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given express supervision and instruction.
17. Keep the power cable clear of pathways, and do not forcefully pull or remove from the unit.
18. If smoke or burning smell is detected, immediately unplug the unit.
19. Handle is for décor. Do not carry by handle.

Cleaning the Diffuser

Suggestion: It is recommended to clean the diffuser once a week.

When you are finished using the diffuser, unplug the cable, and drain any remaining water in the tank.

Gently wipe the inside of the tank with a clean cloth or rag to remove any leftover oil. Do NOT use any soap or detergent to clean the water tank.

Carefully clean the nozzle over the ultrasonic pad with a brush or cotton swab.

Do NOT get water inside the air outlet while cleaning the diffuser.

**Do not use any soap,
detergent, or bleach
to clean**
