FCC Information

This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
– Reorient or relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
– Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Information

This device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

LITHIUM POLYMER BATTERY WARNINGS

This device contains a non-removable Lithium-Polymer battery. The battery must be recycled or disposed of properly. Contact your local waste management office for information on battery recycling or disposal.

LIMITED WARRANTY TO ORIGINAL CONSUMER
This product as supplied and distributed new by an authorized retailer is warranted by Southern Telecom, Inc. to the original consumer purchaser against defects in materials and workman-ship ("Warranty") as follows:

To obtain warranty service:
- Visit our customer support portal: **www.customersupport123.com**
- Select the brand and model of your device
- Select "Service Request" and fill out the form to begin your inquiry
- Exchanges require dated proof of purchase from an authorized retailer

Your product will be repaired or replaced, at our option, for the same or similar model of equal value if examination by the service center determines this product is defective. Products received damaged as a result of shipping will require you to file a claim with the carrier.

Warranty service not provided
This warranty does not cover damage resulting from accident, misuse, abuse, improper installation or operation, lack of reasonable care, unauthorized modification including software modifications such as the installation of custom firmware. This warranty is voided in the event any unauthorized person opens, alters or repairs this product. All products being returned to the authorized service center for repair must be suitably packaged.

Using the FM Radio

Change input modes until you enter FM radio mode.

In FM radio mode, all playback will be controlled by the buttons on the speaker.
- Press the **[▶||]** button to *start or stop* automatically scanning & saving available radio stations. If it is not stopped, the radio will make a complete scan of and save all nearby radio stations with good reception.
- Press the **[|◀◀ /MIC V-]** and **[▶▶| /MIC V+]** buttons to skip through saved stations.

Using a Microphone

A microphone may be used in any mode.

Plug the 1/4″ connector of a wired microphone *(not included)* into the microphone input port on the top of the speaker. Switch the mic ON.
- *Press and hold* the **[▶▶| /MIC V+]** button to **increase** mic volume.
- *Press and hold* the **[|◀◀ /MIC V-]** button to **decrease** mic volume.
- Adjust overall volume with the **[POWER/VOL]** dial on the speaker.

Note: In order to avoid loud feedback, keep the microphone behind the speaker and pointed away from the speaker, and switch it off when not in use.
Charging the Speaker

Plug the small connector of the included charging cable into the charging port on the top of the speaker. Plug the large connector into the USB port on a computer, or into a **5V USB adapter** *(not included)* and plug into a wall outlet.

The LED indicator will **turn RED** while charging and turn OFF when fully charged. When the speaker is low on power, a tone will be heard indicating that it needs to be recharged.

Powering ON/OFF
- Turn the **[POWER/VOL]** dial clockwise until it clicks to power the speaker ON.
- When powered ON, the speaker will enter Bluetooth pairing mode, and will automatically re-pair to any available previously-paired device nearby.
- Turn the **[POWER/VOL]** dial counter-clockwise until it clicks to power the speaker OFF.

POWER /VOL

Adjusting Volume

In all modes, overall volume can be adjusted by turning the **[POWER/VOL]** dial on the top of the speaker. In AUX and Bluetooth modes, volume can also be controlled by your connected device.
- Turn the **[POWER/VOL]** dial clockwise to **increase** volume.
- Turn the **[POWER/VOL]** dial counter-clockwise to **decrease** volume.

Adjusting Playback

In Bluetooth, FM Radio, TF and USB modes, playback can be controlled by the buttons on the top of the speaker.
- Press the **[▶||]** to pause playback. Press again to resume.
- Press the **[▶▶| /MIC V+]** button to skip to the **next** track/station.
- Press the **[|◀◀ /MIC V-]** button to skip to the **previous** track/station.

Changing Input Modes

Press the **[M/☀]** button on the top of the speaker to switch input modes.

A TF card or USB device must be inserted or connected to switch to these modes.

Using the LED Lights
- Press and hold the **[M/☀]** button on the top of the speaker to turn the LED lights ON and OFF.

Bluetooth Pairing
1. Power the speaker ON. A tone will be heard and the speaker will enter Bluetooth pairing mode.
2. Set your mobile device to search for Bluetooth devices. When the list appears, select **BSSK1076** from the found devices.
3. After a successful pairing, a tone will be heard and you will be able to play music on the speaker.

Using the AUX Input

Insert one end of a 3.5 mm auxiliary cable *(not included)* into the AUX input port on the top of the speaker. Insert the other end into the headphone jack or 3.5 mm aux output port on your media-playing device.

The speaker will automatically switch to AUX mode.
In AUX mode, all playback will be controlled by your connected device.

Using a TF Card or USB Device

To insert a TF card, insert a TF card into the TF card slot on the speaker with the metal contacts facing down, and push in until it clicks.

To insert a USB device, such as a USB flash drive containing audio files, insert the USB device into the USB device port on the top of the speaker.

Change input modes until you enter TF or USB mode. The speaker will automatically begin playing music off the device. **Note:** You must have a TF card or USB device inserted to switch to TF or USB input mode.

In TF card and USB mode, all playback is controlled by the buttons on the speaker.
- Press the **[▶||]** button to pause and resume playback.
