READ CAREFULLY AND KEEP THIS MANUAL

• NOT INTENDED FOR MEDICAL USE

- This device is not intended to be a substitute for medical attention.
- Do not expose the unit to extreme temperatures (heat or cold), open flames, or humid conditions.
- If smoke or burning smell is detected, immediately unplug the unit.
- Always unplug the power cable before maintenance.
- Keep power cable clear of pathways, do not forcefully pull or remove from the unit.
- Always keep the water container on a stable, flat surface. DO NOT place on a carpet, bed cushion or other non-flat, non-stable surface.
- Keep away from electronic equipment.
- Never move the product while powered on.
- **Do not submerge the bulb of the humidifier stick in water.**
- Keep out of reach of children and pets. Children should not be left unsupervised near this product. This unit is not to be used by children or any person(s) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge unless they have been given express supervision and instruction.
- The suggested room size for this device is -107 ft² (this may vary greatly by environment, ceiling height, etc.).
- Only use the supplied power cable. If using a USB adapter, it MUST be a **5 V, 500 mA (minimum Amperage) USB adapter (not included)**.
- When not in use, the humidifier should be stored in a dry, cool location, away from sources of water or heat.
- It is recommended that the humidifier be covered to protect it from exposure to dust if it will not be in use for a long period of time.
- **Do not add essential oil into the humidifying water. The oil will damage the product.**
- **Do not allow the USB port or the connectors of the supplied USB cable to be exposed to dust, or water, or come into contact with any conductive materials such as liquids, metallic powders, etc.**

***Do not lose the spring**

Getting Started

Setup

The length of the humidifier stick can be adjusted by adding or removing the middle attachment, so that it may be used with either a short or long sponge wick.

To set up, pull the 3 parts of the humidifier stick apart. Add or remove the middle attachment as desired, and place a sponge wick inside. Snap the humidifier bulb back on top of the humidifier stick.

1. Add or remove the middle attachment as desired

2. Insert the spring, then a compatible sponge wick

3. Snap the bulb back on top of the humidifier stem

Setup (cont'd)

Note: For best results, wet the entire sponge wick before using.

Place the humidifier stick in a container of water. The water level should be above the bottom of the humidifier stick, but below the humidifier bulb.

Use only clean water. **Do not use essential oils, as they can block humidification or damage the humidifier.**

⚠Warning: Do not allow charging cable, port or any power adapter (not included) to come into contact with water.

Plug the small connector of the included USB power cable into the power port on the humidifier bulb. Plug the large connector into a USB power port or into a compatible **5V USB adapter (not included)** and plug into a wall socket.

Instructions continued on the next page.
