Miscellaneous

Reset

If the tablet malfunctions or freezes, you can use the Reset button to restart it.

To reset the tablet, take a metal pin (such as the end of a paper clip) and gently push the recessed Reset button on the back of the tablet as shown below.

The tablet will restart.

Text-To-Speech

Google Text-to-speech powers applications to read the text on your screen aloud. For example, it can be used by:

- Google Play Books to "Read Aloud" your favorite book
- Google Translate to speak translations aloud so that you can hear the pronunciation of a word
- TalkBack and accessibility applications for spoken feedback across your device
- ... and many other applications in the Play Store

To use Google Text-to-speech on your Android device, go to **Settings>System>Languages & Input>Advanced Text-to-speech output**. Select **Google Text-to-speech Engine** as your preferred engine.

Legal information

FCC Part 15: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment. Warning: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Shielded USB cables must be used with this unit to ensure compliance with the Class B FCC limits.

Information Regarding Exposure to Radio Frequency Energy

Your tablet is designed and manufactured not to exceed the emission limits for exposure to RF energy set by the Federal Communications Commission of the United States (FCC). Information on your device is on file with the FCC and can be found under the Display Name section of <http://www.fcc.gov/electronicproductinformation> after searching on the FCC ID for your device, which can be found on the back of the device.

If your electronic device has internet connectivity, on which personal or other confidential data may be stored, you may want to perform a data sanitization process before you dispose of your device to ensure another party cannot access your personal data. Data sanitization varies by the type of product and its software, and you may want to research the best sanitization process for your device before disposal. You may also check with your local recycling facility to determine their data sanitization procedure during the recycling process.
