Prolonged contact may contribute to skin irritation or allergies in some users. If you notice any signs of skin redness, swelling, itchiness, or other skin irritation, please discontinue use or wear the product over a piece of clothing. Continued use, even after symptoms subside, may result in renewed or increased irritation. If symptoms persist, consult your doctor. <p>CAUTION</p> <ul style="list-style-type: none"> THIS DEVICE IS NOT A TOY. do NOT allow children or pets to use or play with this device. Do not disassemble, modify, or repair the device. Do not expose the unit to extreme temperatures (heat or cold), open flames, humid, or wet conditions. Do not submerge in water. Low battery may cause poor Bluetooth connection or dysfunction. Do not allow the power port or the connectors of the supplied power adapter to be exposed to dust, or water, or come into contact with any conductive materials such as liquids, metallic powders, etc. This device should not be disposed of with regular household waste. Please consult the local authorities on the correct way to dispose of this device. 	<p>In the Box</p> <ul style="list-style-type: none"> TUWT55MEN - Smart Watch (x1) USB Charging Clip (x1) Instruction Manual (x1) <p>Warning: The watch is NOT waterproof. Do NOT submerge in water.</p> <p>Detachable Watch Strap</p> <p>Charging Clip</p> <p>Charging Pins</p> <p>Charging Contacts</p> <p>Touch Panel</p> <p>Note: The watch face comes covered with a protective film. Please remove the film before using the watch.</p> <p>(Underside of Watch)</p> <p>Rated input: 5V/46mA Battery: Li-polymer 55mAh</p>	<p>Getting Started</p> <ol style="list-style-type: none"> Plug the included charging clip's USB connector into a USB power source, such as the USB port on a computer or into a USB power adapter (not included). Clip the charging clip onto the watch, making sure that the charging clip's contact pins touch the charging contacts on the underside of the watch. The watch screen will indicate when the watch is charging. <p>Connecting the Watch to Your Phone</p> <ol style="list-style-type: none"> Make sure your device's Bluetooth is turned ON. Power the watch ON. Scan the QR code below and select the correct download for your device (Google Play, Android or iOS), or search for the "FitPro" app in your device's app store. Download the app.  <p>FitPro App</p>	<p>Connecting the Watch to Your Phone (cont'd)</p> <p>Once you have downloaded the mobile app, follow the instructions below.</p> <ol style="list-style-type: none"> Tap "Setting" near the bottom of the screen Tap "Bind devices to experience more features" 	<ol style="list-style-type: none"> The pairing name of the watch should show up on screen. Tap it to connect. After pairing, you should see the device's name on the upper right side in the app. 	<p>Once the watch is connected to your device, the "link" icon will also show up on the watch's screen, as shown at right.</p> <p>Setting Up the App</p> <p>Entering Personal Information Tap the "Me" icon near the bottom of the screen. Tap "Personal Information." Enter your age, height, weight and gender. You can also set a daily goal step.</p> <p>Setting Up Push Notifications When the watch is connected to your smart device, you can enable push notifications for phone calls, text messages and other reminders.</p> <ul style="list-style-type: none"> If the call alert function is enabled, the wristband will vibrate and display the name of the caller when a call is incoming (Note: you will need to give the app permission to read the address book.) If the SMS reminder function is enabled, the watch will vibrate when you receive a text message. <p>Syncing Data</p> <p>When the watch is connected to the app, it will automatically sync data. If you wish to manually sync, you can tap the Sync icon in the upper right hand corner of the app, as shown at right.</p>	<p>Setting Up the App (cont'd)</p> <p>Setting Up Push Notifications (cont'd)</p> <ul style="list-style-type: none"> Other reminders: If this function is enabled, when there is a message from another app such as WeChat, QQ or Facebook, the watch will vibrate and display the content received from the app. To use this function, you must give the app permission to get system notifications. Tips for Android users: When using the reminder function, you must set your device to allow the FitPro app to run in the background. It is recommended to add the FitPro app to the rights management and open all permissions. <p>Settings in the App</p> <p>Alarm Setting When your smartphone at the watch are connected, 8 alarms can be set. After setting, they will be synchronized with the watch. After the synchronization is successful, even if the app is not connected, the watch will remind according to the set time.</p> <p>Look for Watch When connected, tap the "Find" option in the app, and this will cause the watch to vibrate.</p> <p>Remote Photography When connected, open the camera app from the wristband or the app. Shake or turn the wrist, and your device will automatically take a photo after 3 seconds of counting down. You must allow the app to access your device's photo album in order to save the photo.</p>
