In the Box

- Light Grey Jail Roof (x1)
- Black Slotted Jail Floor (x1)
- Grey Left and Right Jail Cell Walls (x2)
- Grey Back Jail Cell Wall (x1)
- Jail Cell Door with Hinges (x1)
- Padlock (x1)
- Keys (x2)

Setting Up

1. Locate the arrows on the each of the 3 jail walls **that are not the door**, which has a black piece attached to the bottom. Snap the connecting tabs of the 2 smaller (left and right) walls into the small slots on the sides of the bigger (back) wall so that all the walls' arrows are pointing in the same direction, and all of the arrows are on the outside of the structure.
2. Line the holes on the underside of the light grey-colored jail roof up with connecting tabs of the 3-wall structure, **with the wall arrows pointing away from the roof**. Press the roof onto the 3 walls until they snap together.
3. Line the connecting tabs on the other end of the 3 walls (the tabs that have the arrows on them) up with the thin outer slats on the black jail cell floor. Press the bottoms of the jail walls into the slats until they snap into place.
4. Place the jail cell door on the front of the jail, lining up the lock hole of the door with the lock hole of the left jail wall. Press the two clasps on the right side of the jail door **onto the closest bar of the right jail wall**, until they both snap on. This is the door's hinge.

Using the Phone Jail

Set up the jail. Place cell phones inside, into the holding slots on the floor of the jail.

Unlock the included padlock with one of the included keys, and slide the shackle of the padlock through the two holes on the outside of the jail cell to fasten the door closed. Push the lock closed to lock shut.

Open and close the padlock using the included keys.
