Compliance Information

FCC Information

This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

WARNING Li-ion Battery Inside

This product is fitted with a Li-ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F).

Location of Controls

Getting Started

Charging the Speaker

Insert the small connector of the included USB charging cable into the charging port on the side of the speaker. Insert the large connector into a USB power port or into a **5V USB adapter** (not included) and plug into an electrical outlet.

The charging LED indicator on the side of the speaker will **turn RED** while charging and turn OFF when fully charged. When the speaker is low on battery, a tone will be heard indicating that the speaker needs to be recharged.

Powering ON/OFF

Charge the speaker fully before using.

- Turn the **[Power]** dial on the front of the speaker **clockwise** until it clicks to power the speaker ON.
- Turn the **[Power]** dial **counterclockwise** until it clicks to power the speaker OFF.
- When powered on, the speaker may automatically re-pair to a previously-paired Bluetooth device in range.

Adjusting Speaker Sound

All playback will be adjusted by the controls on your connected device. Volume and bass can be adjusted with the speaker controls below.

- Turn the **[Power]** dial **clockwise** to **increase** volume.
- Turn the **[Power]** dial **counterclockwise** to **decrease** volume.

Bluetooth Pairing

1. Power the speaker ON. A tone will be heard, the speaker will enter Bluetooth pairing mode, and the Bluetooth LED indicator on the side of the speaker will **quickly flash BLUE**.
2. Set your mobile device to search for Bluetooth devices. When it appears, select **PBT3082** from the list of found devices.
3. After a successful pairing, a tone will be heard, and the Bluetooth LED indicator will **slowly flash BLUE**.
