Operation Guide

Turning on the speakers

1. Plug one end of supplied adapters into both soundbar and subwoofer, and plug the other end to the wall outlet.
2. Press and hold the power button to turn on the soundbar.
3. Press the power switch to turn on the subwoofer.
4. A tone will be heard to indicate the device has been turned on, and the soundbar and subwoofer will connect with each other wirelessly and automatically.

Note: The device has memory function, when reopen it, it will enter into the mode you've selected last time

Connecting via Bluetooth

1. Turn on the speaker, and press the Bluetooth button on the soundbar or the "MODE" button on the remote control to enter the bluetooth mode.
2. A tone will be heard, in the meantime, the LED screen of the soundbar will show "bBLUE".
3. Go to the Bluetooth settings on your device, and select "**PBT3770**" from the list.
4. After the successful pairing, a tone will be heard to indicate your device is connected to the speaker, then you can play music.

032

Sound effect

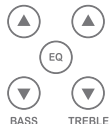

The speaker has 3 equaliser presets: 'Music', 'Movie' and 'News'.
Press "EQ" button on the remote control to select your preferred preset.

- Music: Enhanced bass sound
- MOVIE: Neutral and surround sound
- NEWS: Enhanced vocal sound

Use the treble and bass buttons on the remote control to adjust the sound effect.

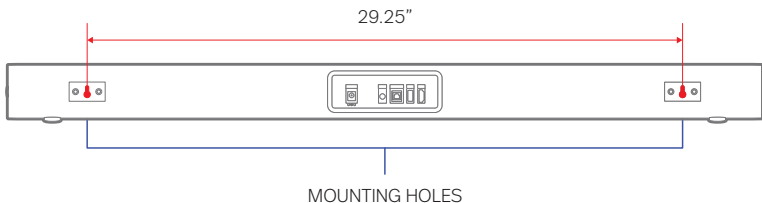

Note: EQ, Bass, Treble can be only controlled with the remote control.

REMOTE CONTROL

Mounting the soundbar

1. Mark two spots on the wall 29.25 inches apart and make sure the spots are leveled.
2. Drill screws (included) into the marked spots on the wall. Make sure to leave some space between the wall and the screw head to hang the mounting holes of the speaker.
3. Hang the mounting holes on the back of the speaker to the installed screws on the wall.

E-Waste Notification

Where appropriate, all consumer electronics manuals must contain this statement to ensure compliance with US e-waste regulations:

PLR IP Holdings, LLC, its licensees and affiliates, fully supports all electronic waste initiatives. As responsible stewards of the environment, and to avoid violating established laws, you should properly dispose of this product in compliance with all applicable regulations, directives or other governances in the area where you reside. Please check with local authorities or the retailer where you purchased this product to determine a location where you can appropriately dispose of the product.

You may also go to www.polaroid.com and reference Social Responsibility <http://www.polaroid.com/social-responsibility> to learn more about the specific laws in your area and to locate a collection facility near your home.

If your electronic device has internal memory on which personal or other confidential data may be stored, you may want to perform a data sanitization process before you dispose of your device to assure another party cannot access your personal data. Data sanitization varies by the type of product and its software, and you may want to research the best sanitization process for your device before disposal. You may also check with your local recycling facility to determine their data sanitization procedures during the recycling process.
