Using the FM Radio
Turn the jukebox ON and switch to the FM radio by long pressing the [PLAY/MODE] button on the side panel of the jukebox or the [MODE] button on the remote. The FM radio LED indicator will turn RED.

• To scan radio stations, press the [PREV] and [NEXT] buttons on the side panel of the jukebox or the [▶▶|] and [|◀◀] buttons on the remote.
• Quick press the [▶|| /M] button on the side panel or the [▶||] button on the remote to autoscan to the next radio station with a clear signal.

For best reception, place the FM antenna where it has a line of clear sight to the sky.

Using Connecting Cables
AUX 1 Input (RCA Cable)
The AUX 1 input is used with an RCA cable. Attach the left (red) and right (white) connectors to the AUX 1 jacks, then attach the other end to your stereo or other media playing device.

Change the speaker's mode to AUX 1 by long pressing the [▶|| /M] button on the side panel of the speaker or by pressing the [MODE] button on the remote until the AUX 1 LED indicator turns RED.

See connection diagram and instructions continued on the next page.

Using Connecting Cables (cont'd)
AUX 2 Input (3.5mm Aux Cable)
The AUX 2 input is used with a 3.5 mm auxiliary cable. Attach the 3.5 mm aux cable to AUX 2 input on the speaker and the other end to the headphone jack on your media playing device.

Change the speaker's mode to AUX 2 by long pressing the [▶|| /M] button on the side panel of the speaker or by pressing the [MODE] button on the remote until the AUX 2 LED indicator turns RED.

NOTE: When a device is plugged into either audio input jack, the speaker controls have limited function. You must use your connected device to control music playback.

Getting Started

Setting Up the Jukebox
Plug the small end of the power adapter into the DC 9V power jack on the back panel of the speaker. Plug the other end into the nearest wall outlet.

Powering ON/OFF
• Move the [POWER] switch to the ON position to power the jukebox ON. A tone will be heard and the speaker will enter Bluetooth pairing mode. The speaker will automatically re-pair to any nearby previously paired devices.
• Move the [POWER] switch to the OFF position to power the jukebox OFF.
• Press the [⏻] button on the remote to put the speaker in standby mode.

Bluetooth Pairing
1. Power the jukebox ON. A tone will be heard and the Bluetooth LED indicator will **quickly flash RED**.
2. Set your Bluetooth-enabled device to search for Bluetooth devices. When it appears, select **PBT9003** from the list of found devices.
3. After a successful pairing, a tone will be heard indicating that Bluetooth is connected and the Bluetooth LED indicator will **slowly flash RED**.
