FCC Information

This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Getting Started

Charging the Speaker

Plug the small connector of the supplied USB charging cable to the USB charging port on the side of the speaker. Plug the large connector into the USB port on a computer or into a compatible **5V USB adapter** (*not included*) and plug into an electrical outlet.

The charging LED indicator will **turn RED** while charging and turn off when fully charged. When low on power, a tone will be heard, indicating that the speaker should be charged.

Powering ON/OFF

Make sure the speaker is charged before using for the first time

- Move the **[Power]** switch to the ON position to turn on the speaker. A tone will be heard and the speaker will enter Bluetooth pairing mode. The speaker will automatically re-pair to any nearby, previously-paired device.
- Move the **[Power]** switch to the OFF position to power the speaker off.

Playing Music

To listen to music on your speaker, make sure it is paired to a Bluetooth-enabled device. If you are pairing for the first time, see the **Bluetooth Pairing** section on the next page for instruction.

Bluetooth Pairing

- Power the speaker on. A tone will be heard and the Bluetooth LED indicator will **quickly flash BLUE**.
- Set your mobile device to search for Bluetooth devices. When it appears, select **PBT9548** from the list of found devices.
- Once successfully paired, a tone will be heard and the Bluetooth LED indicator will **slowly flash BLUE**.

Once paired, you can adjust media playback and volume with the controls on your paired device.
