### Location of Controls

Back of

### Charging the Case

Insert the small connector of the supplied charging cable into the charging port on the bottom of the charging case. Insert the large connector into the USB port on a computer or a 5V USB adapter (not included) and plug into a wall socket.

The case-charging LED indicator will **flash** *RED* while charging and **turn solid RED** when fully charged.

### Charging the Earbuds

Use the included charging case to protect and charge the earbuds as described below.

- Make sure that the case is fully charged.
   Open the charging case and insert the stem of each earbud
- into the case's charging port. Gently press down until they 'clip" into place and feel secure.
- a. Press the [ o ] button to enable charging. The earbud-charging LED indicator on the case will **turn BLUE**.
  4. The earbud LED indicators will **turn RED** while charging and **turn BLUE** when fully charged.

### Powering ON/OFF

- The earbuds will automatically power ON when removed from their case, and power OFF when placed into their case.
- When powered ON, the earbuds will automatically pair to each other and then enter Bluetooth pairing mode. They may automatically re-pair to a
- previously-paired device in range.
   The earbuds can also be powered ON and OFF by pressing and holding the [Multi] button for ~3-5 seconds.

### Bluetooth Pairing

- 2. After a moment, a voice will be heard on the earbuds indicating that they have
- paired to each other. The LED indicator on one earbud will flash RED and BLUE. 3. Set your mobile device to search for Bluetooth devices. When it appears, select
- PTWSA21 from the list of found devices. 4. Once successfully paired to your device, a voice will be heard, and you will be able to play audio on the earbuds.

### Playing Audio & Adjusting Playback To listen to audio wirelessly on your earbuds, make sure they are properly paired

to your Bluetooth-enabled device. If you are pairing the device for the first time, please consult the **Bluetooth Pairing** section above.

Once paired, playback can be controlled through your paired device, or with the

- controls on the earbuds below.

   1x press the [Multi] button on either earbud to pause and resume playback.
- Press + hold the [Multi] button on Right earbud to skip to the next track.
   Press + hold the [Multi] button on Left earbud to skip to the previous track.
- 2x press the [Multi] button on Right earbud to increase volume.
  2x press the [Multi] button on Left earbud to decrease volume.
- 3x press the [Multi] button on either earbud to activate your device's Voice

### Answering/Ending Phone Calls

- Press the [Multi] button on either earbud to answer an incoming phone call. • Press the [Multi] button on either earbud to end a phone call.
- Press + hold the [Multi] button on either earbud to reject an incoming call.
- 4x Press the [Multi] button on either earbud to redial the last outgoing phone

### Re-Pairing the Earbuds

The PTWSA21 earbuds should pair to each other automatically when powered ON. If the earbuds come un-paired from each other or only one earbud pairs to your device, try following these instructions to re-pair:

- 1. Go to your device's Bluetooth settings and find the earbuds on the list of Bluetooth devices. Tap to manually "Forget" the earbud(s), then turn your device's Bluetooth OFF.
- 2. Place the earbuds in their case to power them OFF, then remove them to power them ON again.
- After a moment, the earbuds should automatically re-pair to each other. A voice will be heard indicating that they have paired to each other.
- Once re-paired, you can now pair the earbuds to your mobile device. Turn your device's Bluetooth back on again. Follow the instructions in the Bluetooth Pairing section of this manual to try pairing again.
